

**STEWARTBY WATER SPORTS CLUB LIMITED
SKI SECTION**

SCRUTINEERING

Scrutineering for the season will take place during the following weekend timeslots between the dates shown:

Sat: 2pm - 5pm and Sun: 10am - 1pm and 2pm - 5pm
between
09/04/2016 and 12/06/2016

It will only not take place on any weekends in the above period that the lake is **closed** due to Powerboat events etc. so please check the Diary! Other times / dates by arrangement only and subject to a £10 fee.

To avoid a wasted journey, please bring the following documentation and ensure your boat meets the following stipulations otherwise the Officer of the Day will not be able to scrutineer your boat.

- Valid SWSC Membership Card for the current season or proof of SWSC renewal payment
- Current Insurance Certificate and Policy (in same name as SWSC Membership) with Liability Insurance for a minimum £3 million.
- ALL drivers of your boat must hold a driving qualification of SBDA or SBD2 (upgrade to ICC level is optional) **AND** must be current members of BWSW – it is a condition of BWSW issuing your licence that you remain a member for it to be valid.
- Your qualification will be shown on your BWSW Membership Card – please present this to the OOD so it can be photocopied and retained on file for reference and confirmation that the Driver can drive on the Lake for the current year.

Your boat must also

- Not have a cuddy or cabin nor be a weighted or dedicated wakeboard boat
- Not exceed 18ft unless express permission from the Ski Committee has been granted
- Have a safety jack plug that operates from any angle.
- Have your boat number in 11" high figures clearly visible on both sides of the boat when in the water and the same number also on the trailer near the towing socket.
- Your boat must be fully seaworthy and have sufficient buoyancy.
- Have steering joints & cables, etc. which are free and not excessively worn.
- Have a Driver's seat which is securely fixed.
- Have a battery which is firmly secured.

Additional for Inboards:

- Have an automatic fire extinguisher in the bilge area.
- Have a bilge blower that is fitted and working.

* Boats with LPG Conversions should have confirmation of insurance to operate on LPG.

If the Officer of the Day is satisfied, he will sign off the Scrutineering check list and give you a sticker for the current season which must be displayed on your boat windscreen at all times

NO BOAT IS PERMITTED ON THE LAKE UNSCRUTINEERED
